Dear Sir / Madam,

Greetings for the day.

Seaman Staffing Solutions, a pioneer in the industry has been helping students gain entry into the Merchant Navy for many years by providing quality Marine education.

We are writing this email expressing interest in helping the students of your college to gain entry into the Merchant Navy.

This is an industry which has never experienced recession. Even during the pandemic when the entire world was frozen at one place, we in the Merchant Navy did not. We have been transporting goods from one country to the other.

Hence we need your help in contacting the students of your college through email and post by sending them the details of the job opportunities in Merchant Navy.

Merchant Navy in India which is governed by The Shipping Corporation of India, is the means through which we transport goods from one country to the other (Import & Export). Last year we had 15,000 vacancies in various departments of the Merchant Navy and we had more than 522,000 unemployed youth in India which is backed by the survey done by the Indian Economy Consumer Pyramids Panel of Households which is heartbreaking.

We are wasting our precious human resources by not helping the young minds explore new options.

The benefits of joining Merchant Navy are,

- 1. High salaries starting from 98,132 /-pm to 388,800 /-pm.*
- 2. Tax free salaries.*
- 3. Travel across the world on the job.*
- 4. No specific retirement age (Work till you are medically fit)*
- 5. Land based job option given to cadets after 7 years of onboard service.*

I request you to help us in creating awareness and help in eradicating unemployment in India.

Also if we can get an appointment, we will be happy to meet you in person and discuss the same in detail.

Awaiting your positive response and an appointment as soon as possible.

Regards,

Seaman Staffing Solutions.
