Student's Internship

Description/Objective:

The foremost objective of internship is to expose students to a particular job and a profession/industry.

Students might have an idea about what a job is like, but they won't know until they actually perform it if it's what they thought it was, if they have the training and skills to do it & if it's something they like.

Learning Outcomes/Skills:

- New & Improved Skills & how to apply them
- Professional Communications
- Networking Competencies
- Facing Constructive Criticisms
- Improves hard working, Commitment & Independence Skills

Methodology:

Students are allowed to take internship training after their odd semester university examinations during the vacations in the companies/institutions/industries/firms of their choice and undergo training for maximum one month duration and get the experience/internship certificate and present the work done through their presentation and report.
